# Michell's Canna Roots

(HOME GROWN)

Our roots are extra strong, with plenty of eyes, are clean and absolutely true to name. When ordering please state if immediate shipment is desired; also if we shall send via express or freight. The heights quoted on Cannas are determined from the growth in our own nursery, all being grown in soil of the same degree of fertility. These may vary with soil and climatic changes. The colors are arrived at from the standard color nomenclature book.

## MICHELL'S BULBS

Fancy Leaved Caladium

MICHELL'S FANCY  
LEAVED CALADIUMS

(READY IN JANUARY)

These are grown for us on contract by one of the leading hybridizers of the world. Our list is composed of the best named sorts, covering a wide range of colors, which are difficult to describe accurately in print.

Wonderful effects can be produced in table or conservatory decorations with these beautifully marked tropical foliage plants. The bulbs should be started in damp moss, somewhat like Begonias, with plenty of bottom heat and an occasional dampening. Do not allow them to get chilled, and at all times grow them in as high a temperature as possible.

Strictly First size bulbs, in best named varieties, \$2.50 per doz., per 100, \$16.00; \$150.00 per 1,000.

## WIZARD BRAND PULVERIZED SHEEP MANURE

Probably the most extensively used of animal manures by the florist and market gardener. The analysis shows it to be a perfectly balanced plant food.

Pulverized Sheep Manure acts quickly and is invaluable for carnations, mums and other crops that require a quick stimulant at certain stages of development or because of unfavorable weather conditions.
